

# ONTARIO DISTANCE GRANT

**Don't** let distance get in the way of your education. You could be eligible for a grant to help cover those extra travel costs.

If you live 80 km or more from an Ontario publicly assisted college or university that you plan to attend, you may be eligible for the Ontario Distance Grant.

## **If you're commuting...**

You could receive \$500 per term to help pay your daily travel costs to attend postsecondary education.

## **If you're moving for school...**

You could receive \$300 per academic year to help pay your travel expenses if you have to move away from your parents' home to attend postsecondary education.

These are both grants that you are not required to repay.

To apply, just complete the OSAP Application for Full-Time Students. You will automatically be considered for the Ontario Distance Grant, the 30% Off Ontario Tuition grant, and many other forms of financial aid.
