1. In order to be on Student Council, you must have previously taken or sign up to take the leadership class for next year. If this is not possible, we would like to remind you that CHCI has many clubs in which you can excel. Please note that the leadership class will be the primary group involved in running activities.
2. Briefly list the extra-curricular activities and community organizations that you have been involved in over your years at high school. Describe what leadership roles you took on within these organizations.
3. Many students are involved in many clubs, athletic teams and high academic courses which makes them very stretched for time. Being a member of SAC requires you to attend evening events as well as regular SAC meetings. In which extra-curricular activities will you be involved next year? How will you balance your time commitments next year, with specific examples, to fill this position?
4. What are your strengths? (ex. Video editing, speaking on stage, poster painting etc.) Provide a bulleted list (you will be held up to this) as we would like to get people involved in many areas.
5. What makes you a leader? Provide an example of a situation where you have taken a leadership action.
6. Some senior students just want to join SAC to help with their resume. SAC requires commitment. What makes you stand out from other SAC applicants?
7. Are there any new events or ideas that could be added to current events that you would like to see SAC run next year? How would you go about helping to run them?
8. Please provide the name and signature of a staff member as a reference.
