Our Programming

The ESL and ELD magnet program is designed to help English language learners develop the skills they need to develop proficiency in everyday English and, most especially, the proficiency in academic English that will allow them to integrate successfully into the mainstream school program.

Courses Offered

Our magnet program offers learners a package of courses customized to their language level. Students can earn credits in a variety of language-supportive courses. These include English, Science, Math, Family Studies, Geography, Science, History, Civics, Careers, Art and Drama.

Extra-curricular Programs

Language learners can develop their skills outside the classroom by participating in the extra-curricular activities offered through the Magnet Program. In August, all new coming students are invited to the NOW program (Newcomer Orientation Week), where they meet Galt Collegiate ESL peer mentors and learn about life as a Galt Ghost. The Peer –Mentor program continues throughout the year to continue supporting students. Starting in February, students are invited to participate in the Newcomer’s Drama Project, a multi-partnered project held annually.
