

Essay Question

In class you were provided with this question in order to prepare for the exam. You must provide a point form outline of the essay you would write to answer it:

Is our current period of Global warming an anthropogenic or a natural event?

You must provide references for the proof that you intend to use in your essay. They must be written out in a proper "works cited" at the end of your outline. Write the outline LEGIBLY on the sheet provided.

FINAL EXAM ESSAY QUESTION (/22)
