KITCHENER-WATERLOO COLLEGIATE & VOCATIONAL SCHOOL

SPECIALIST HIGH SKILLS MAJOR PROGRAM

787 King Street West
Kitchener, ON N2G 1E3

519-745-6851

<http://kci.wrdsb.ca>

WHY THE SHSM PROGRAM?

THE Specialist High Skills Major Program allows students to focus their secondary education toward the career pathway of their choice. At KCI we offer three SHSM designations:

Health and Wellness centers on courses which complement all jobs related to physical, mental and spiritual health.

Environment directs students toward courses which enhance global wellness.

Information and Communication

Technology includes courses which develop the technical skills needed to work with electronic systems.

High school transcripts identify graduates of the SHSM program and diplomas receive a unique red seal.

SHSM appears on a university application and you have an ideal opportunity to write about your experiential learning on your additional background forms.

Some colleges and universities are now offering scholarships to graduates of the **SHSM**.

GET
SKILLED!!

WHAT'S REQUIRED?

- Four senior program specific courses, with a minimum of one at each grade level
- For H & W and CIT only, one 'other' required course.
- One two credit coop directly connected to the SHSM designation.
- Successful completion of First Aid and CPR certification, level C. Offered at KCI at no charge to the student.
- Successful completion of WHMIS certificate.
- H & W only, successful completion of Infectious Diseases certificate
- Three additional program specific certificates. These may be offered in classes, online or through special programming.
- Three program specific contextualized learning activities. One in English, one in Math and one other in any course. A CLA is a project or essay addressing any topic directly related to a program.
- Successful completion of one Reach Ahead activity. This is any relevant activity outside the norm of the class.
- Completion of the Ontario Skills Passport. Usually done in coop.
