FINAL EVALUATION & EXAM INFORMATION:

- Final exams are scheduled for Friday January 25th through Thursday January 31st., starting at 9:00 am each day. During the exam preparation period, January 23 & 24th, students will not be tested in class but will be expected to complete homework and review exercises to better prepare them for the formal exams. In addition to final exams, intensive assessment and evaluation will be occurring during the weeks prior to the exam period
- As stated in the Ministry Policy document, Ontario Curriculum: Program Planning and Assessment “30% of the grade will be based on a final evaluation in the form of an examination, performance, essay, and/or other method of evaluation suitable to the course content and administered near the end of the course.”
- The new exam model will help to minimize the conflicts and coordinate the workload that students will be managing at the end of the semester. Students may still have several assignments, projects or tests due in a short time period

ABSENTEEISM:

- Students are required to be present on the assigned date for all their examinations and summative evaluations. Absence from an exam requires medical documentation, or administration approval in advance of the examination
- Vacations, trips abroad and summer jobs (e.g. camp counsellor training) are not acceptable reasons for missing exams or final summatives

LATES:

- Students late up to 10 minutes will go directly to the examination room without signing in at the Main Office. After 10 minutes, students must sign in at the Main Office and will be taken to the Overflow Room to write their exam
- Students must arrive before the end of the exam to be allowed to write the exam.

TEXTBOOKS:

- Classroom teachers will share their expectations for textbook collection with students. Expectations can include one or all of the following:
 - Students will return their textbook to their classroom teacher prior to the examination date
 - Students will return their textbook to a central location on the day of their exam
 - Textbook issues (e.g. forgotten, lost, damaged) will be directed to the alpha-VP

MATERIALS:

- Students should leave backpacks, coats, and electronic devices in their lockers
- Only writing implements and other approved aids should be brought into the exam room
- Calculators are allowed on all exams unless instructions at the top of the exam state otherwise (cell phones may NOT be used as calculators)
- Any students found using unapproved exam aids will be referred to their VP for disciplinary measures
