

# BUDDY BENCH

**building friendships one bench at a time**

# SAAAAAAAY WHAAAAAAAAAAT?

Why does Brigadoon need a bench?

Have you ever seen a kid outside at recess  
who doesn't have anyone to play with?

Well the buddy bench allows anyone to sit  
down on the bench and get a friend!

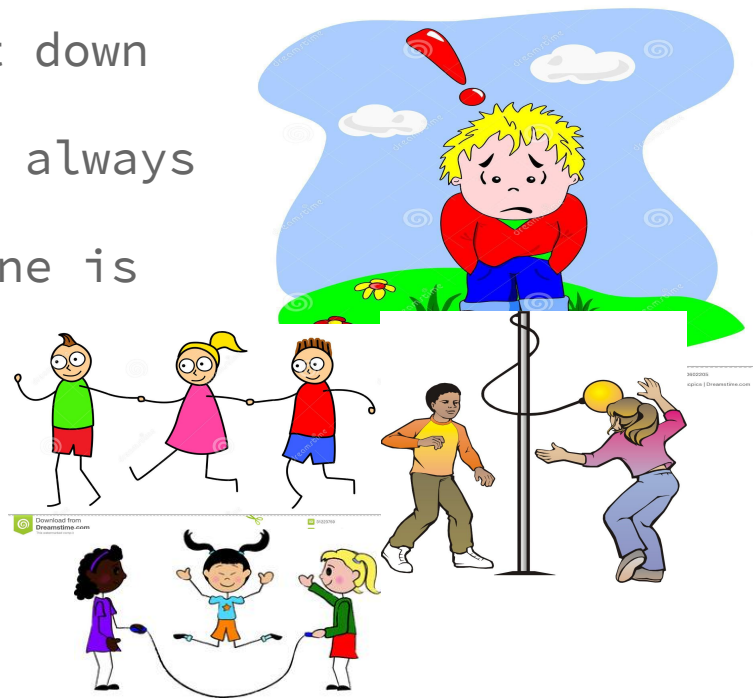

# DIFFERENT STYLES OF BENCHES

There are so many different types of benches to choose from! I think that students should submit designs of what they think the bench should look like!

# REMEMBER THERE IS ALWAYS ROOM FOR ONE MORE!

How to use the bench! First, sit down on the bench! Next, if your playing always look up at the bench to see if anyone is there. After that, walk up to the bench. Finally, ask the person to play. Remember there is always room for one more

# SUGGESTED RULES OF THE BENCH

1. Don't avoid the people on the bench

2. Who ever is there no matter how small or tall you should play with them

3. Always room for one more

# MY WISH

I think that Brigadoon needs a buddy bench! I think that if we have one every student will look forward to recess day! I am willing to make this happen and I think every school should have a buddy bench! Thank you Christian Bucks for creating the buddy bench!
