

# Our Goal...

Bridgeport Public School has been a fixture in the community of Bridgeport since 1959. It is home to almost 400 students and focuses on quality education, inclusive learning and strong values.

To ensure a quality well rounded curriculum, physical exercise is a critical part of student's daily activities. Physical activity comes in the form of team sports, field based activities and time on playground equipment

The school recently identified a need for new playground equipment to ensure safe accessible play for all students at Bridgeport Public School. Unfortunately, due to priorities and limited budgets, playground improvements are ultimately the responsibility of the school council and parents.

We are undertaking a major fundraising initiative that will include school council fundraising, grants and donations. Our ultimate goal is to raise \$50,000, which will allow us to purchase and install replacement playground equipment that will meet with needs of our students now and well into the future.

You are receiving this package as we are hopeful that corporate citizens like yourself see the value in enhancing physical play with children in the community and would be willing to support our initiative.

We are offering three donation levels, which are ALL tax deductible through the Waterloo Region District School Board WEFI ( Waterloo Education Foundation Inc.) (Receipt Provided).
