February 16, 2022

Dear Parent or Guardian,

Thank you for your ongoing support and partnership in helping us to keep our schools open and safer for in-person learning.

Vaccines are safe and continue to be the best way to protect Ontarians from COVID-19. Getting as many of our residents vaccinated is also important for the protection of our youngest children (0-4) years, who are not yet able to get the vaccine.

We are pleased to let you know that a clinic will be hosted at your child's school to provide first and second doses to children 5 to 11 years of age. A parent or guardian must come with the child to the clinic. Additionally, first, second and booster doses are available to household or family members.

**School vaccine clinic**

**Name of school:** Cedarbrae Public School

**Date:** Thursday, March 3, 2022

**Address:** 230 Cedarbrae Ave. Waterloo, ON

**Time:** 3:30 PM – 7:30 PM

If your child is already scheduled to receive a vaccine within the next 1-2 weeks, please keep that appointment. You can also visit a vaccination clinic or pharmacy in your community to receive a vaccine, please visit [RegionofWaterloo.ca/GetaVaccine](http://RegionofWaterloo.ca/GetaVaccine)

**Preparing Your Child for Vaccination**

While COVID-19 vaccines are safe, we understand you or your child may have questions about the vaccine. Please speak to your child about why it is important to get vaccinated against COVID-19. If your child has a fear of vaccination, please visit [COVID-19 Vaccines for Children](#). If you have questions about COVID-19 vaccines for children and youth please read the [Vaccine Information Sheet for Children](#) or you can book a confidential phone appointment with a SickKids clinician by visiting [COVID-19 Vaccine Consult Service](#).

Thank you for your ongoing support to help keep our schools open and our community safer for all.

Sincerely,

A handwritten signature in black ink, appearing to read "Hsiu-Li Wang".

Dr. Hsiu-Li Wang,  
Commissioner and Medical Officer of Health  
Region of Waterloo Public Health and Emergency Services
