Greetings,

Thank you for considering International Student Exchange-Ontario. Living and learning abroad is an effective way for students to experience other cultures, learn another language, and develop a greater sense of self-confidence.

We are committed to providing the best possible programs, for the greatest number of students, at the lowest possible cost. Years of co-operation with Ontario school boards has made this possible. Please review this package and help us make this opportunity available for students at your school.

Sincerely,
ISE Ontario Team
