

November 21, 2013

Dear Parents,

Due to construction at the front of the school to install new storm drains, the loop at the front of the school will be inaccessible to busses, cars and pedestrians starting Monday for approximately the next 4 days.

As a result, our busses will be dropping off and picking up our students in the parking lot. They will be lined up along the edge of the parking lot closest to the school and pool area. This will cause some extra congestion both before and after school. We ask those of you who drive your children to school to consider an alternative for these days. If you cannot do this, please exercise extra caution with the increased congestion during this brief time. Students and parents will need to walk around the back of the school to get to their entry doors.

In order for the busses to be able to enter and exit the parking lot we will be reducing the number of available parking spots. These will be marked by pylons.

Thank you for your cooperation during this time.

Sincerely,

M. Drummond
