

In April the leadership students at Floradale Public School worked hard to decorate and sell cookies to raise money for Kid's Ability. The Cookies were a big success and helped to raise \$224 for Kids Ability. Kids Ability has sent us a thank you letter as well as a little award for us to hang in our school. The award is hanging on the bulletin board outside the office. Please feel free to stop and take a look next time you are in.

On behalf of the leadership students and staff thank you for your continued support. Have a wonderful and safe Summer Vacation!
