

Going to School at Glencairn

I have been away from school for a long time. In September my family and doctors will decide if it is time to go back to school.

But, there will be lots of familiar faces too, like my principal Ms. Meredith and the secretary, Ms. Young.

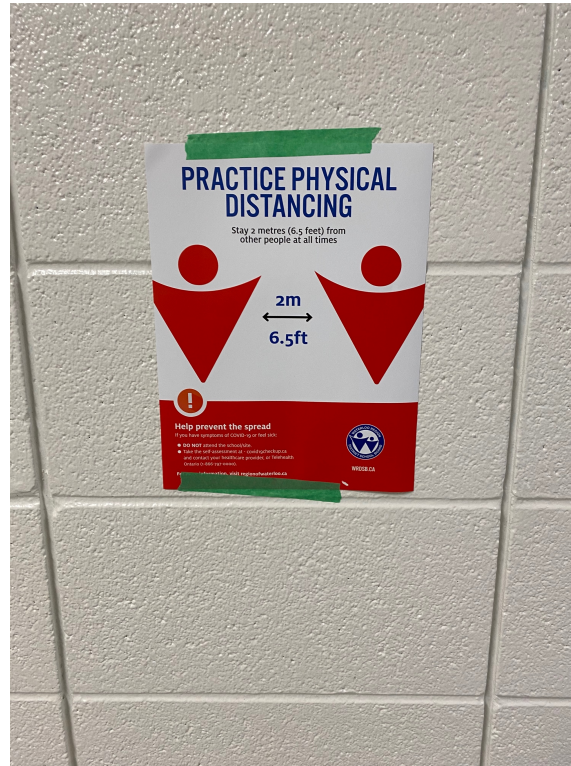

All my teachers will be wearing masks and sometimes shields. This is to help keep everyone healthy.

I will wear a mask too. I will be allowed to take my mask off when I go outside and when I eat or drink.

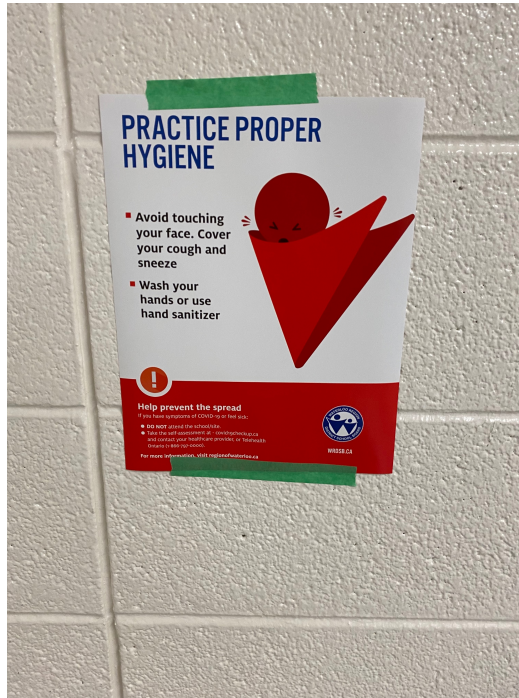

I will see lots of new signs around the school reminding me of what to do to help keep everyone healthy

We will all practice physical distancing.
This means that we will stand and walk 2
meters away from other people.

Practicing physical distancing also means not touching other people. I won't be able to high five or hug my friends or teachers.

We will all practice good hygiene. This includes washing our hands often and not touching our faces.

On the floor there are signs telling me which way to walk and where to stand. Following these signs will help me keep physical distance from others.

My classroom will look a bit different this year, but my teacher will still have lots of fun activities planned to help me learn.

Going to school at Glencairn will be so much fun!
