

# Glenview Park Technology

**This is your Info  
Booklet for all  
Technology  
Courses  
at Glenview,  
including:**

- Exploring Technologies (Gr.9)
- Communications Technology
- Computer Studies
- Construction Technology
- Green Industries
- Hairstyling & Aesthetics
- Hospitality & Tourism
- Manufacturing Technology
- Technological Design
- Transportation Technology

Q. Why take Technology?

A. How can you afford not to?

Technology is everywhere! Why not learn how to use it, design it, create it, fix it, and control it?

## Who takes Technology?

Well, the answers are varied,  
but it includes students who are...

- curious about Technology and the way things work.
- looking for a fun class with lots of activity-based learning.
- looking to attend a College or University in a highly-skilled Technology related area.
- planning on entering the workforce upon graduation.
- planning on seeking an Apprenticeship in a regulated trade en route to a promising career.
- interested in getting some practical experience in Technology as part of a well-rounded education.
