

## **Citation Practice Assignment**

The slide show you just watched answers the question: **why** do we cite? Now, let's look at **when** and **how** we cite.

### Learning Goals:

I can paraphrase an article, a videos within Google and provide accurate APA citations both resources types. I can refer to the [example assignment](#) for clarity.

**Time to practice and to demonstrate your understanding:** follow the directions below very carefully as you will be receiving feedback on your submitted work.

### ***How do you paraphrase?***

- 1) Read the source carefully so you know what it means.
- 2) Find the part of the source you wish to paraphrase. You're not rewriting the entire source in your paper, so don't paraphrase more than one paragraph.
- 3) SET THE SOURCE ASIDE AND WRITE YOUR PARAPHRASE WITHOUT LOOKING AT THE ORIGINAL SOURCE. This step will help you resist the temptation to use the wording and structure of the original source, which is plagiarism.

**Let's Practice! Here's a 2018 excerpt from an article written by journalist, Adam Frisk:**

*Figure skating pair Scott Moir and Tessa Virtue will be Canada's flag bearers, leading Team Canada into the Pyeongchang Olympic Stadium for the opening ceremonies of the 2018 Winter Olympics in South Korea next month. The Canadian Olympic Committee (COC), announced Tuesday Moir and Virtue, will lead Canada's delegation in the opening ceremonies. The pair will lead about 230 athletes marking the first time Canada has had dual flag bearers for an Olympic opening ceremony.*

Highlight/underline the information you feel summarizes the paragraph. Using your OWN WORDS, paraphrase it below and place the (author's last name, year) before the period to give credit to the source.

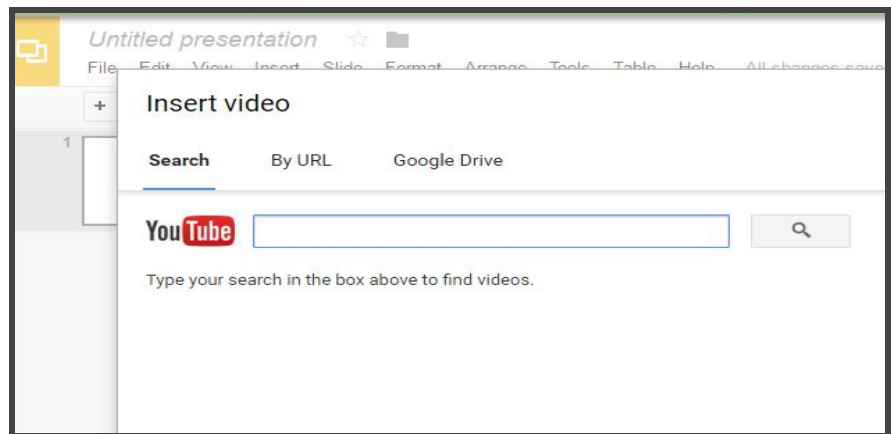

**Step One:** Open a new Google Slide from your Drive--give it the title “Citation Practice-Your Name”

**Step Two:** Select **one** of the four topics to examine:

<u><a href="#">HUBBLE TELESCOPE</a></u>	<u><a href="#">INTERNATIONAL SPACE STATION</a></u>
<u><a href="#">SOLAR ECLIPSE</a></u>	<u><a href="#">AURORA BOREALIS</a></u>

**Step Three:** Read the linked article of your chosen topic. On your **first slide**, write the title of your article. Below this, compose three sentences that **paraphrase the article’s main ideas**. Make sure that you include an in-text citation (where you include a direct quote or part of a phrase) within at least one of your sentences.

**Step Four:** Access YouTube through your Drive. Locate one video related to your article and insert it into your **second slide**. Insert the appropriate video into your slide by copying the URL into the bar on the Insert page.

Here is how you should cite your youtube videos.

Author Surname, First Initial. Second Initial. OR Author screen name. (Year, Month Day {of video post}). *Title of video* [Video file]. Retrieved from URL of specific video

**Step Five:** On your **third slide**, create a Reference list that presents your article in APA style. The word **Reference** is placed in the middle of the page and the two bibliographic statements appear beneath it in alphabetical order here.

[This is how you cite an online article.](#)

**Step Six:** Now, print your slides on one sheet and submit. Under “File”, select “Print Settings and Preview”. Next, under the heading “1 slide without notes”, use drop-down menu to choose “Handout-3 slides per page”. **Don’t forget to write your name at the top of this sheet.**
