

21 December 2014

Dear friends of Grandview P.S.

Thank you for your letters and words of support. It means so much to all of us here to know that we are remembered and it is wonderful to have the support of everyone from back home. Although we are not able to be with our loved ones, we are fortunate to be surrounded by many new friends and fellow Canadians as we celebrate Christmas here in Egypt.

We are called the Multinational Force Observers and Canada has been here since the early 1980s. The friends we have made hail from countries all around the world. Australia, Colombia, Czech Republic, Fiji, France, Hungary, Italy, New Zealand, Netherlands, Norway United Kingdom, United States and Uruguay. We work alongside them on a daily basis as well as local Egyptians.

As winter is blowing strong across Canada, we are experiencing a multitude of weather. We get warm temperatures in the day and very cool nights. December and January are the rainy, cold and windy times of the year and it lasts approximately 40 days.

We hope everyone back home have a Merry Christmas, a Happy New Year and we wish that peace, love and happiness surround you and your loved ones throughout the upcoming year.

You will find a picture of us in this letter!

Thanks!

Kind regards from the  
Canadian Contingent members here in Egypt, Sinai
