

SCHOOL COUNCIL ANNUAL REPORT 2013 – 2014

School: Hespeler Public School

Principal: Julie Lobsinger

School Council Chair(s): Sharon McKeown

Accomplishments of School Council 2013 – 2014:

- Applied for and received \$1,000 Parent's Reaching Out grant. This money was used towards planning, organizing, and running our most successful Community Fun Fair ever. This Hespeler PS tradition brings our entire school community together for fun times, while raising money for school initiatives.
- School Council ran our first ever "Multicultural Celebration" which was a tremendous success. It ran for the entire month of February and included classroom presentations and guest speakers. The culminating event was our Multicultural Celebration evening that was a huge success. Members of our school and local communities set up display booths, sharing information from their culture, along with a "talent show" that showcased a variety of entertainment from many cultures. Over 500 people came out to share the celebration.
- School Council ran our first ever "Dance-a-thon" fundraiser that gave students a chance to have fun and stay active, while raising significant funds for the school. School Council then used these funds to provide \$600 for each grade level, in order to augment literacy, numeracy, and technology initiatives in the classroom.
