Trail/Crosswalk or Right of Way

Pedestrian Crossover

Your School

Adult Crossing Guards:

Go onto the roadway and stop traffic in order to assist children in crossing the road. Drivers must come to a full stop before reaching the crossing guard location when the Guard is on the road and the stop paddle is displayed, and remain stopped until the Guard and children have left the roadway.

Student Safety Patrols:

Are school aged children who stand at the side of the road and assist children in crossing the road. They do not go onto the road nor do they stop traffic. Motorists must exercise caution in areas where Student Safety Patrols are in operation.

Be Cool, Walk To School!!
