IB Benefits

- IB students are better prepared and more successful at university
- IB students receive advanced standing at universities for HL courses (transfer credits = \$ saved)
- IB students enjoy university recognition and acceptance worldwide
- IB students receive extraordinary scholarship opportunities

Why IB?

- A program for students with exceptional work habits, academic curiosity and social awareness.
- Accelerated learning in a highly charged atmosphere where like-minded students collaborate and learn from each other.
- “For the first time, I feel as if I belong.”

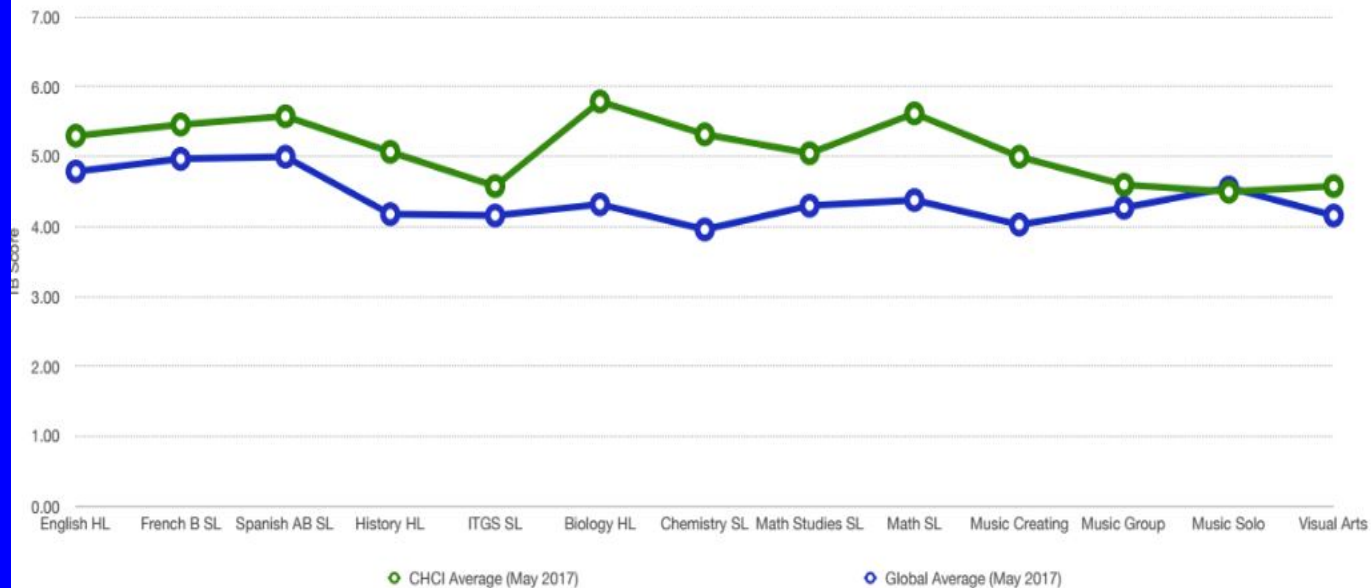

What Our Grads Say

- “During my time in the IB Programme, I made truly lifelong friendships with my peers through our shared interests in academic pursuits as well as a common passion for world issues.”
- “Being part of a community with motivated and like-minded students pushed me to go outside my comfort zone and develop as a leader in the community.”
- “The skills I learned in the IB Programme have been invaluable at McGill. Beyond just time management, and essay writing skills, the IB taught me how to evaluate information and think critically about the content of my courses.”
