What comes after high-school? Preparing for your child's post-secondary journey

Join us online to discuss the value of post-secondary education and connect with industry experts to learn about the wide range of possibilities and pathways available to your children. Our **FREE interactive webinars and panel discussions** will help you:

-  Explore different post secondary streams
-  Learn how to access government funding (OSAP) and the myths about scholarships
-  Discover supports for students with special needs
-  Find out how students can plan for their success
-  Hear from two families on their different journeys through post-secondary education
-  Understand what is 21st century learning and how it relates to technology and online learning.

Also, check out our **virtual education market** of resources that support learning across Ontario. Join us for a specific session or two, or spend the entire day with us, all in **the comfort of your home or office via a computer or mobile device.**
