

Parents/Guardians,

Mackenzie King Public School will be holding its first Inquiring Minds Exhibition this year and we would like to see as many students participate as possible. Information is outlined below, but in a nutshell, this is a chance for you and your child to work together, inquire about any topic which interests your child, and present the findings at the Exhibition. Topics can be absolutely anything, and the goal is that you and your child inquire about the topic, discover new information, and then create a display to help express this new found knowledge. We hope to see you out at this exciting new event!

School Council Co-Chairs Blair Capling and Hilary Childerhose
