

# Links for Parents

The Internet offers families a lot of different resources each with a varying degree of reliability. Here are a few that might be useful.

**THE ONTARIO CURRICULUM DOCUMENT:** The Canadian International School, Singapore uses the Ontario curriculum. Check this site to read the curriculum and access other information from the Ministry of Education in Ontario, Canada.

<http://www.edu.gov.on.ca/eng/document/curricul/elemcurric.html>

**NCTM FAMILY CORNER:** The National Council of Teachers of Mathematics is the largest mathematics education organization and aims to ensure a mathematics education of the highest quality for all students. On this site, parents and caregivers will find information for helping children learn mathematics. Students will have the chance to try online resources for activities and mathematics help.

<http://www.nctm.org/corners/family/index.htm>

**UWO/ESSO FAMILY MATH PROJECT:** The University of Western Ontario (with support from ESSO) has developed this web page with game and activity suggestions for families.

<http://www.edu.uwo.ca/essofamilymath>

**EQUALS Family Math:** This site offers a few games and activities for families to try out, but its main goal is to sell Family Math Books. A good site to check out if you are interested in purchasing books that offer Family Math activity suggestions.

<http://www.lhs.berkeley.edu/EQUALS/equals.html>

**The Math Forum:** The Math Forum offers answers to mathematical questions, links to web resources about mathematics and problems of the week to explore with your family.

<http://www.mathforum.com>

**Explore Math:** Explore Math offers mathematics news as well as upper Elementary and Middle School math problems to explore.

<http://www.exploremath.com>

**Figure This Family Math Corner:** This site is run by NCTM and offers online mathematical problems for middle-school students and their families.
