

Meadowlane School Council Meeting Minutes May 29, 2019

Welcome - Review and Approval for April Minutes

* Approved by Caitlin and second by Kristy.

PRINCIPAL'S REPORT

* EQAO is over, a block a day over 6 days. Meadowlane being such a small school if someone is away it knocks the school's scores down. Looking forward to getting the new scores in September.

* In both Math and English the students never actually check their answers, so that was something new that they worked on this year, having the students double check answers.

Here is the list of names and assignments that we currently have for 2019-20. There may be changes if our enrollment changes significantly.
