Window into Wellbeing: Student Well Being in The Digital Age

The Internet is a lot like driving a car: Lots of benefits with some risk. In order to prevent that risk, we require all drivers to learn to drive and pass a test. We don't have a formal system to teach people how to 'drive' online safely, but we can learn about how to navigate in a way that lowers the risk.

[Please register on EVENTBRITE](#) for an evening of education and discussion on

Wednesday, May 8th / 19 @ 6:30 to 8:00 PM

Our speaker is Cat Coode, founder of [Binary Tattoo](#) and Online Identity Expert and Certified Privacy Professional. She will walk us through how to safeguard our data, our reputations, and our mental happiness while online.

With 90% of companies and many post-secondary institutions searching online to vet candidates, it is crucial you know what they will find before they do.
