

Mme. Upton was born in Owen Sound, Ontario, and spent her childhood in a little town called Hepworth, Ontario. Her teenage years were spent in Kitchener, which led her to pursue a French degree at the University of Waterloo. Mme. Upton has always had a love for the French language as well as teaching, so she decided to combine them both and has never looked back. As part of her schooling, she left for one year to France, and lived in a city called Nantes. While living there, she was able to visit thirteen different countries! This experience confirmed her passion for the French language and culture once again. She then pursued teacher education in North Bay, Ontario, at Nipissing University two years later. Mme. Upton loves to read, sing, travel, and spend quality time with family and friends. Most of all, she loves to see students trying their best and does her very best to give them the tools they need to feel confident and successful within the classroom, and in all areas of their life. Mme. Upton is so excited to begin her adventure at New Dundee Public School, and is looking forward to sharing her passion for the French language within the school community.
