

A New Dundee Public School Fundraiser

Having a garage sale this weekend or simply doing some spring cleaning? Let us help you with those items that don't sell or you no longer want - donate them to us and we'll make sure they go to a new home, while supporting the school at the same time! **We will be collecting the following clean, gently used items:** Clothing, soft toys, shoes and boots (tied together), belts, purses, material, linens, towels and drapery.

Bag2School is a company that specializes in collecting good quality, second-hand clothing & household items for reuse in developing countries. For every ton of bags collected the school will earn **\$200** from Bag2School. Simply collect your reusable items, place them in a plastic bag (please no boxes) and drop it off at the designated location during one of the times listed below. **Help us help others!**
