

Dundee Doodle

Art Studio

Meet Jill →→→→

What are we all about? Run by local artist Jill Bossence combining the love of children and art together. Jill graduated from Sheridan College with an Interpretive Illustration Diploma in 1988. After college she started Scrambled Arts which involved graphic design and commissioned watercolour and acrylic paintings. www.scrambledarts.tumblr.com is where you can see some of her work. Jill has a passion for art, being creative and working with children. She has taught children and adults for several years at local community centres and wanted to bring that talent to New Dundee. We want Dundee Doodle to be a place where children and adults can let themselves go and be creative as possible. Knock yourself out!

Class descriptions: January 2016

GLITTER CANVAS: Come enjoy this 4 week session of pure fun and creativity. You will learn to draw some of your favourite things but in a simplified way. Once you have drawn your picture you will transfer it to an 8x10 stretched canvas. You will then decorate your picture with every colour imaginable of glitter. Go simple or go crazy with colour it's up to you. **Just have fun! Limited space so please sign up now!**

PET PORTRAITS: Don't forget to bring a picture of your favourite furry animal. You will learn to draw your furry friend in a unique way. Once completed you will transfer this to a 11x14 stretched canvas. Using acrylic paint you will learn to colour block and paint your BFF in the most simplified but fantastic way. You will be amazed at what you can do! You will definitely want to hang this one up! **Limited space so please sign up now!**
