

Planned Lifetime Networks

Waterloo Wellington Oxford

Future Planning Information Sessions

"We support families to develop a good life for the lifetime of their relative who is isolated due to disability and circumstances."

PLN is hosting this information session to share with families their concerns about what will happen to my adult child with disabilities after I die. Strategies on how to help with issues such as isolation, housing, financial security, and friends will be explored.

Facile Waterloo Region will share the services they provide to help individuals gain some skills and independence in the community. Planning and facilitation is the core of their work.

DATE: Monday, April 11

TIME: 6:30-8:30 pm -please arrive by 6:15
