

What is the PHS Enhanced program?

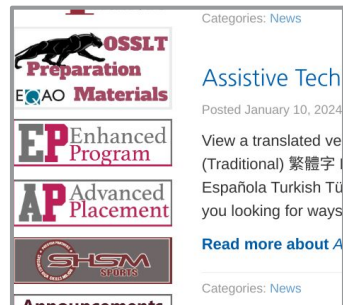

- Unique opportunity to offer our enhancements to all students who apply, and who display a hunger for learning and a desire for some additional opportunities.
- Commitment to supporting all students - some students need extension opportunities to “enhance” their academic experience.
- Students who seek to engage in opportunities for deeper learning, to develop into a well-rounded student, and to challenge themselves are encouraged to apply.
- All students must be at the provincial standard (Level 3 - 70%) at midterms and complete an application form.

Practically, what will this program look like?

GRADE 9:

- Application after midterms in November
- Two on-campus activities (December, early spring)
- One off-campus activity (late spring)
- Enhanced Program Breakfast (June) with all the PHS enhanced students from all grades.

GRADE 10:

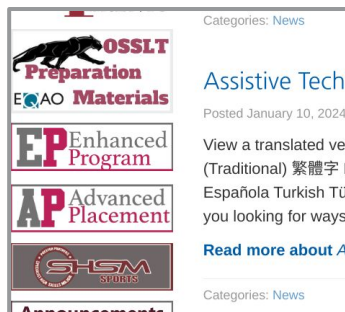

- Three or four on-campus activities spread out from September to Early Spring
- One off-campus activity (late spring)
- Enhanced Program Breakfast (June) with all the PHS enhanced students from all grades

Practically, what will this program look like?

GRADE 11:

- One event each semester, one will be on-campus, the other off-campus
- Enhanced Program Breakfast (June) with all the PHS enhanced students from all grades

GRADE 12:

- One final culminating activity
- Enhanced Program Breakfast (June) with all the PHS enhanced students from all grades

What are students saying ?

“The enhanced program has opened many doors for me, such as meeting new people and experiencing different activities which interested me more than I thought they would! ”

“The opportunity that the enhanced program gives me is really helping me towards finding my interests in education and in my future career. I think the enhanced program is something great to have on your resumé.”

What are students saying ?

“I really enjoyed the three eggs and a nest activity because of the complete freedom that we had. I could let my mind run free and experiment with all the fun ways to get the eggs into the nest. I also really liked the escape rooms because of the fun activities and the puzzle solving. I think that the enhanced program is a really good idea because of how much I benefited from it. One example would be how I started thinking of new ways to get problems done. Another benefit would be how we tried out new potential career paths.”

What are students saying ?

“The Enhanced Program is amazing if you strive in school like always getting your work done early, can catch up fast if you miss anything in class, and want to challenge yourself. This program allows you to extend your knowledge while working with others who are like-minded. You get to collaborate in scavenger hunts and figure out riddles, meet special guests from Universities and other leaders in our community, and go on off-school campus activities!! This program will definitely help open doors for you in the future and let you meet new people!!”
