

Join us for our Math Night!

Thursday, April 6th 2017

5:00 – 7:00

Play different math games that support the development of number sense.

Join us in the library and be a part of a math class.

Read our bulletin boards and talk to teachers about a variety of math topics.

Things to see and do!

Visit our ESTIMATION STATION. Win a prize by guessing how many items are in the container.

Complete a math passport for a chance to win a prize.

5:00 – 7:00

Come play math games!
Explore games that develop a child's understanding of numbers.

5:30

Primary math demonstration in the library.
Come see what a primary math lesson looks like.

6:00

Junior math demonstration in the library. Come see what a junior math lesson looks like.

6:30

We'll be announcing the winners of our Estimation Station and our Math Passport Draw.
