

Keep your family fit this summer at Flag Raiders!

Paintball is an inclusive sport that invites players of all ages and abilities to develop both physical and social strengths. This game demands the exertion of various skills such as; speed, agility, critical thinking, teamwork, communication, safety management, relationship development, leadership and so much more. These aspects relate directly back to your child's Physical Education curriculum. Reinforce that classroom learning out on the paintball field and maintain the momentum of your child's personal fitness goals through the summer months.

Keep your kids off the couch and away from the screens this summer with our real life scenario games!
