

Welcome to your School Library!

The WRDSB is inviting families to use their school library, once registered for kindergarten. We hope you will take advantage of this opportunity to become familiar with your child's school by visiting the library.

Benefits of Reading

Cuddle up and read

Reading and talking about books creates special moments.

Be a reading role model

When children see you reading, they will want to be readers too!

Words are everywhere

Reading everyday items like cereal boxes, street signs, posters and words found on many objects can help build your child's literacy skills.

How it Works

- Register for Kindergarten.
- After March Break, you can begin to use the library during the hours of operation.
- You may borrow two books at a time for up to three weeks.
