

Dear St. Jacobs Public School Families,

Welcome back to school from your Home and School Association! This letter is accompanied by our first of several fundraisers for the year. The funds raised by the Home and School Association help to provide activities and resources for our children. In the past, these funds have helped to:

- purchase chromebooks and ipads for our classrooms
- support the grade 8 graduation dinner, DJ and award gifts given to our graduating students
- purchase books for the home reading program
- subsidize costs for the annual school picnic

We have some exciting fundraising campaigns planned for this year, including many great products that are everyday purchases for most of our families. Here is a sneak peek at the fall campaigns, and stay tuned for more in January!

Fall 2015 fundraising activities

Veseys - Considered Canada's GREEN Fundraiser, this program features the sale of fall bulbs for spring blooms.

MacMillans - MacMillans offers an amazing line of flash frozen food, everything from cookie dough to chili, perfect to help out with holiday baking and meals! MacMillan's also offers a line of Peanut Free, Sugar Free, Gluten Free and Kosher products. Definitely something for everyone.

QSP Magazines - QSP magazine programs are designed to make it easy for families to purchase or renew affordable reading resources at significant savings. Magazines can be purchased online all year long, or via order form in November!

Cineplex - Movie passes and gift cards make perfect Holiday gifts for everyone! Purchase through our fundraiser and a portion of the proceeds will be donated back to our school!

On behalf of the Home and School Association, thanks in advance for your support!

Sincerely,
Melissa Fishman
