

The Waterloo Region District School Board is going online!

We are pleased to provide parents with an opportunity to view the “School Year Information” package on school websites for the coming school year.

In an effort to reduce costs and save paper, the information that has previously been sent home with your child(ren) at the start of the school year, will be available online.

This package contains information regarding school year start-up such as; the school year calendar, safe schools protocol, and other information that may be helpful for a successful year in school.

However, paper copies of this information will still be available to those parents who prefer it to be sent home.

If you would prefer to receive a paper package in September, please complete and return the form below to the school office by **Wednesday, May 14, 2014**.

Thank you.
