

Your hand fits in mine like it's made just for me but bear this in mind it was meant to be and I'm joining up the dots with the freckles on your cheek and it all makes sense to me. I know you've never loved the crinkles by your eyes when you smile you've never loved your stomach or your thighs the dimples in your back at the bottom of your spine but I'll love them endlessly I won't let these little things slip out of my mouth but if I do it's you oh, it's you they add up to I'm in love with you and all these little things

You can't go to bed without a cup of tea and maybe that's the reason that you talk in your sleep and all those conversations are the secrets that I keep though it makes no sense to me I know you've never loved the sound of your voice on tape you never want to know how much you weigh you still have to squeeze into your jeans but you're perfect to me I won't let these little things slip out of my mouth but if it's true it's you, it's you they add up to I'm in love with you and all these little things you'll never love yourself half as much as I love you and you'll never treat yourself right, darling but I want you to. If I let you know I'm here for you maybe you'll love yourself like I love you oh and I've just let these little things slip out of my mouth cause it's you oh it's you, it's you they add up to and I'm in love with you and all these little things but if it's true your little things they add up to I'm in love with you and all your little things Your hand fits in mine like it's made just for me but bear this in mind it was meant to be and I'm joining up the dots with the freckles on your cheeks and it all makes sense to me I know you've never loved the crinkles by your eyes when you smile you've never loved your stomach or your thighs the

To all the girls that think you're ugly because of your not a size zero, your the beautiful one. It's Society who's ugly.

Marlynn Monroe
Be your own Kind of Beautiful.

Being happy doesn't mean that everything is perfect. It means that you've decided to look beyond the imperfections.
HAPPINESS IS the settling of the soul into its most appropriate spot - Aristotle
Embrace and love your body. It's the most amazing thing you will ever own. Be happy And

HEY YOU.

yes you stop being unhappy with your self. You are perfect. Stop wishing you looked like someone else. Stop trying to get attention from those who hurt you. Stop hating your body, your face, your personality. LOVE them. Without those things you wouldn't be you, and why would you want to be someone else. Be confident with who you are. SMILE. It will draw people in. If anyone hates you because you are in ppy with your self then stick your middle finger in the air and say screw it. My happiness will not depend on what I am happy because I love who I am. I love my flaws. I love my imperfections they make me ME. and ME is pretty unknown. Spend your life with people that make you happy no + who you have to impress. love your self enough to never lower your standards for ANYONE

YOU ARE MORE IMPORTANT THAN THIS NUMBER!

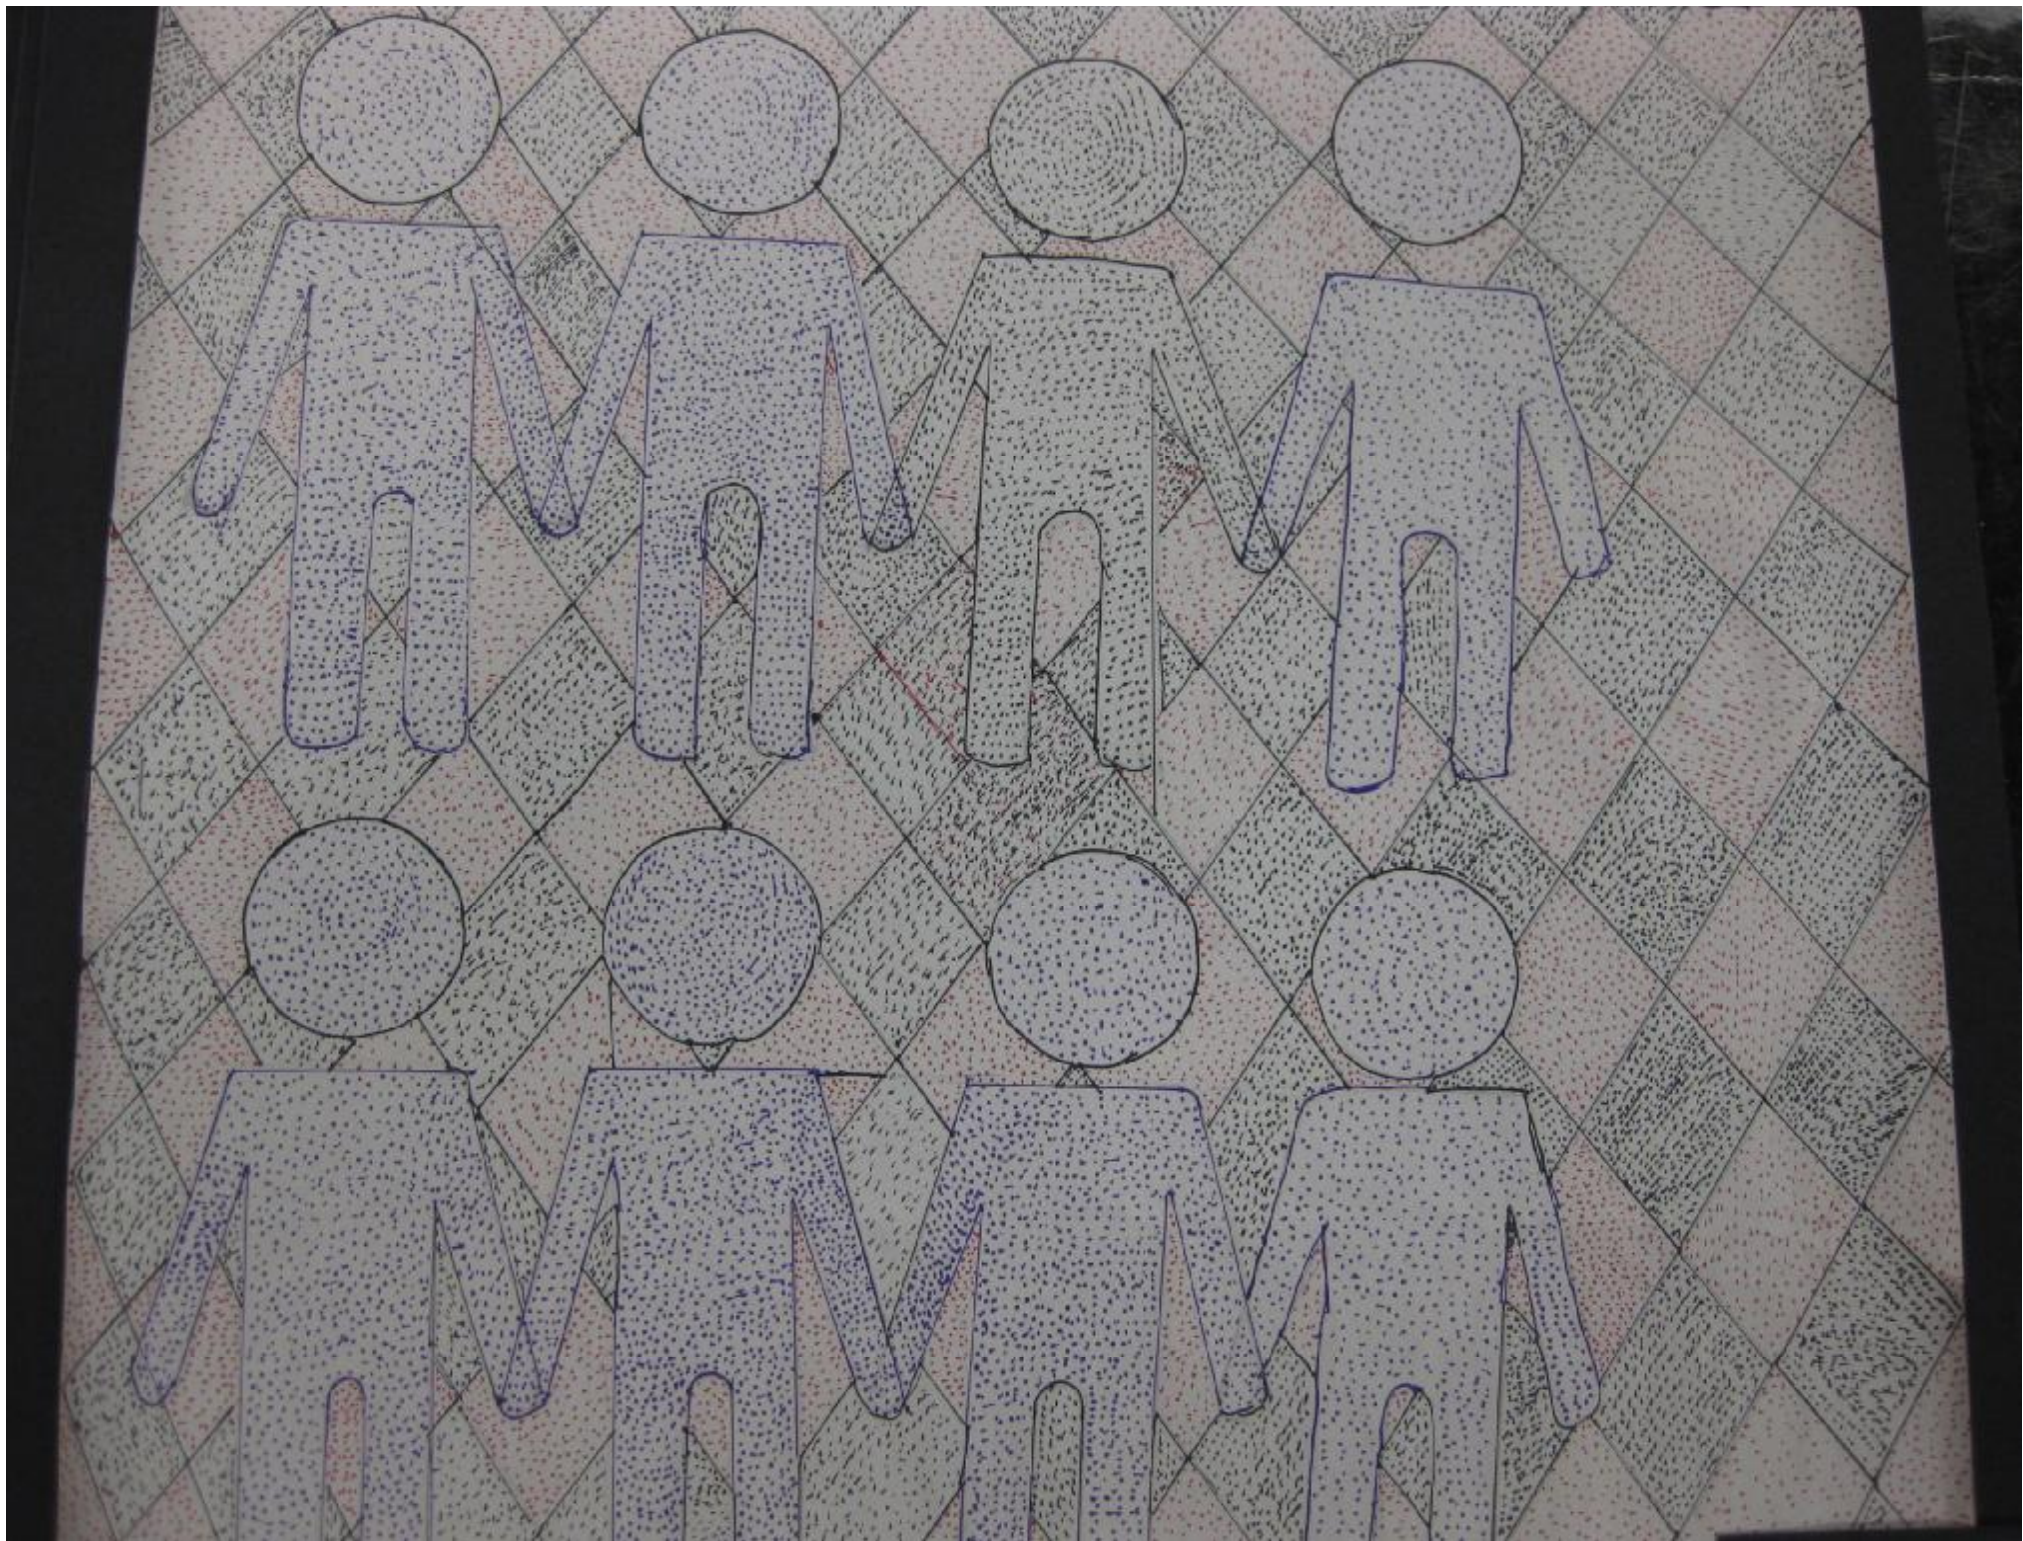

Confidence will make you happier than any diet. So embrace it
