

Last Breakfast Club for 2017

We want to make you aware that the last Breakfast Program for this year will be Friday, June 9th. It becomes increasingly difficult to find enough volunteers to staff the program in the last weeks of school.

We are extremely grateful for all the wonderful volunteers who have made this program possible once again this year!

We are transitioning to a "Snack Bin" style Nutrition for Learning program in the fall. This means that Trillium will no longer have a Breakfast Program. Instead, snack bins will be available to all students during the regular school day. Stay tuned for more information about this new program!
