

LACE LIDZ LICENSED HEADWEAR

HOCKEY CANADA LICENSED HEADWEAR SCHOOL FUNDRAISER

Lace Lidz officially licensed merchandise
from Hockey Canada

Lace Lidz was originally created by a small town Canadian kid that would take old skate laces and create custom ball caps. From that beginning the concept has been modified to the current version which incorporates a patented woven material that replicates the skate lace look. The result is a lightweight, exceptional quality, original look, that is cool and fun to wear for all ages.

Hockey Canada Lace Lidz in stock

\$8.00 per cap wholesale

\$15.00 per cap retail

\$7.00 per cap profit for your school!

Lace lidz was created by a small town Canadian Kid who began his road to success learning in the Waterloo Region District School Board, Garrett Fisher. His passion for the game and a box of old skate laces led him to develop this cap. Lace Lidz are made with passion and pride for the game by a guy who couldn't give up on the old laces that represented so many great games, goals and time spent at the rink. This cap represents the culmination of moments on the ice, and learning experiences in school which lead Garrett to the creation of Lace Lidz and the success that has come from it.
