### 1. Preamble

- 1.1 The Responsible Use Procedure for Information, Communication, and Collaboration Technologies (RUP) outlines expectations related to the responsible use of Waterloo Region District School Board information, communication and collaboration technologies, and accompanying resources, including emergent technologies.
- 1.2 Expectations in the RUP align with the Board's Character Development initiative concerning general conduct across the system. Character Development is the positive social and emotional development of students that is modeled by all staff, and is a key element in fostering a positive, inclusive system and school climate. All technology, information, and resources, and their use, must clearly support these Board goals.
- 1.3 It is reasonable to expect that all individuals or groups who use Board technology (includes but is not limited to: staff, trustees, students, parents/guardians, federations, volunteers) understand and comply with the expectations outlined in the RUP. As a Board procedure, the RUP does not require individual or group signatures to indicate acceptance or compliance.

- 1.4 To achieve system awareness, the Board will ensure a web link to the RUP is incorporated in all Board, Education Centre department, and school websites, and on the sign-in page of WaterWorks; the Board's email system for staff and students. Additionally, September student take-home packages will include a reference to the RUP.
- 1.5 The Waterloo Region District School Board believes that the benefits of access to information, communication, and collaboration technologies and resources far exceed the disadvantages. Abuse of these services however, may lead to an individual's privileges being revoked. Misuse may be subject to disciplinary action and possibly civil or criminal action. Infractions of the RUP will be handled in a manner comparable to non-technology infractions that follow established Board policies and procedures related to staff conduct and student discipline.

## **2. Digital Citizenship**

- 2.1 The Waterloo Region District School Board strives to model and teach the safe, legal, ethical and responsible use of information, technology and resources, and expects all users to embrace the following conditions or facets of being a digital citizen:
  - respect yourself;
  - protect yourself;
  - respect others;
  - protect others;
  - respect intellectual and technological property;
  - protect intellectual and technological property.
- 2.2 Individuals are responsible for supporting personally owned devices. As digital citizens, this includes, but is not limited to:
  - knowing how to activate Wi-Fi on their devices and connect to a wireless service;
  - maintaining virus and malware protection on personally owned equipment;
  - enabling personal firewall settings on personally owned laptops and/or netbooks;
  - disabling any internet sharing settings that would interfere with other users;
  - operating in a manner consistent with Character Development and Digital Citizenship goals.

## **3. Access**

- 3.1 The Waterloo Region District School Board believes that individuals benefit from access to information and communication technologies for collaboration and discussion. The Board by providing access recognizes the potential to support curriculum and student learning expectations in order to promote educational excellence.
- 3.2 Technology users should have opportunities to:
  - access internal, local, national, and international sources of information;
  - collaborate and communicate across the Board and with local and global communities;
  - develop knowledge and skills that will be useful throughout their lives.
- 3.3 All equipment, information/data, and resources owned by the Board, regardless of the location, must be used for the purpose of carrying out the mandate of the Board.
  - 3.3.1 It is at the sole discretion of the Board to decide who is given access to Board equipment, information/data, and resources, and who retains, and who is denied access.
  - 3.3.2 The Board has the right to access user content on any Board system, or confiscate devices at the Board's discretion. Reasons for these actions may include, but are not limited to:

- engaging in technical maintenance, repair and management;
- meeting legal requirements to produce records;
- ensuring continuity of work processes;
- improving business processes and managing productivity;
- preventing misconduct and ensuring compliance with the law.

#### 4. Responsibilities

- 4.1 The Waterloo Region District School Board will make every effort to protect users of Board technology from misuse and abuse, and will take reasonable steps to ensure information, communication and collaboration technologies are used only for purposes consistent with the Board's corporate and learning expectations and Character Development and Digital Citizenship goals.
- 4.2 Staff are responsible for role modeling. In particular, teaching staff are responsible for the ongoing development of students and the review of the rules and responsibilities of being a digital citizen with them.
- 4.2.1 Staff also provide protection, by restricting access (within the technical limitations of products) to material that has no business or educational value or is inappropriate, such as material deemed to be racist, pornographic, dangerous or obscene.
- 4.2.2 Staff ensure a level of privacy and protection for all users (note that this level of privacy does not preclude the fact that approved support and administrative personnel may access mail, data, and software on systems).
- 4.2.3 Staff ensure a level of security by taking the steps to prevent electronic trespassing.
- 4.2.4 Staff ensure guidelines for the selection of appropriate equipment, learning resources and services are followed, and are in accordance with current Board policies and procedures.
- 4.3 Supervisors in schools, sites and departments are responsible for ensuring the RUP is available in its entirety in prominent locations and in at least two of the following:
- student handbook;
  - staff handbook;
  - parent handbook;
  - code of conduct or behaviour guidelines;
  - school or department newsletter.
- 4.4 Additionally, supervisors provide, as appropriate and available, access to information, communication and collaboration technologies and resources and monitor these services for appropriate use and behaviour within their site/department.
- 4.4.1 Supervisors deal with abuse of privileges in a manner consistent with the Board's existing staff conduct and student discipline policies and procedures.
- 4.5 Individual users of information, communication and collaboration technologies and resources, must guard against inappropriate, unethical and illegal activity and are responsible for:
- understanding and adhering to the Board's Character Development, Digital Citizenship and RUP goals;
  - promoting the acceptable use of information, communication and collaboration technologies and resources;
  - using all Board services, devices, and applications responsibly and for administrative and curricular purposes only, within the framework and standards set by the Board;
  - protecting the integrity of their account usernames and passwords (includes devices such as Smartphones) – this involves changing default passwords;

- all content held within their accounts;
- protecting the integrity and safety of their content by ensuring current Board security measures and practices are followed;
- protecting equipment assigned to them from theft or damage and adhering to rules of hardware etiquette promoted by the Board;
- respecting the integrity and security of the Board's corporate (wired) network by using only approved and appropriately configured devices that are deployed by Information Technology Services.

## 5. Infractions of the RUP

- 5.1 The Waterloo Region District School Board believes that individuals benefit from access to communication and collaboration services and resources and computer technology. Adults, whether they are staff or students over the age of eighteen are responsible for their own use of these services. Parent(s) and/or guardian(s) are responsible for encouraging students under age eighteen in the appropriate use of technology in the school.
- 5.2 Violating the RUP may result in:
- restricted network access and/or access to computer technology;
  - loss of network access and/or access to computer technology;
  - suspension and/or expulsion;
  - civil or criminal charges.
- 5.3 Consequences for RUP infractions are determined by the supervisor, as they deem appropriate, using the applicable Board policy or procedure and/or involving:
- Information Technology Services staff to gather forensic evidence;
  - the appropriate law enforcement agency if the infraction is deemed to be criminal.
- 5.4 To address incidents of inappropriate use of technology, supervisors and teachers should apply the strategies of:
- progressive discipline;
  - early and on-going intervention strategies;
  - restorative justice;
  - character development and digital citizenship.

## 6. Requesting ITS Assistance for Infractions

- 6.1 The Board's Network and Data Security Analyst (519-570-0003, ext. 4595) is contacted:
- if an infraction of the RUP is suspected and staff at the site require assistance in collecting material evidence or identifying the scope of the incident;
  - in situations where Board technology infrastructure has been compromised or there is a major threat to students and staff or the system.
- In these cases, supervisors or teachers should restrict access to those computers/devices and files related to the incident.
- 6.2 The Network and Data Security Analyst will involve and inform other Information Technology Services staff and supervisors as required.
