

April, 2017 - Earth Week at Westvale

Dear Parents,

WESTVALE is celebrating Planet Earth!

This year, the children are encouraged to celebrate Earth Week both at school and at home. Listed below are some activities we can all do to celebrate Earth:

-Walk to School - Leave the car at home and walk, jog, scooter, skip, jump or bike to school/work!

-Start or continue to compost your kitchen waste: turn your spoils into soil!

-Try to buy local produce whenever possible: you'll eat healthier and reduce the amount of carbon emissions

-Stop or reduce your use of disposable plastic (bags, bottles, packages)!

Tues. Apr. 18th - 20 minute makeover - the children and staff will go outside for 20 minutes and clean up the Westvale School Property!

Sincerely,
The Green Team

BATTERY DRIVE APR. 18 - 28th

Let's keep those batteries out of the Land Fill!

We are accepting AA, AAA, AAAA, C, D, 9V and N batteries only!

So, look around your home and bring in your old batteries to place in the bin out front of the office!
