Westvale School Council invites parents and caregivers to a workshop from the **Ripple Effect Education!**

This workshop will provide information, education and actions that parents can use to address unconscious bias, gender identity and racism with their children.

Our intention is to help our children develop their own identity that includes a diverse perspective.

We appreciate your support and hope you can join us for a fun and informative evening on
March 30th, 2023 from 6:30 to 8:00
at **Westvale Public School in the Library**
